This report was generated on 2018-12-18 18:04:41. R version: 3.5.1 on x86\_64-pc-linux-gnu. For this report, CRAN packages as of 2018-09-01 were used.

## Introduction

Here you should write a brief review of the literature with citations. You should cover enough to introduce the topic and make it clear why you are asking the questions that you are.

### *Research Questions*

1. Research Question 1
2. Research Question 2

### *Hypotheses*

1. Hypothesis 1
2. Hypothesis 2.

## Methods

Here you should outline the methods and give an overview of demographic information.

### *Patients and Controls*

Patient and healthy control (HC) data were taken from an observational study, approved by the institutional review board (). HC matching patients for sex and age (+/-
